<div> <div>Installation:</div> <div> <p>1 - Remove the existing sill covers and any glue residue which may be on the body sill.</p> <p>2 - Trial fit the stainless steel sill cover to the corresponding door sill. Remove the adhesive strip foil and press the sill cover onto the door sill.</p> <p>Important: Be certain the sill cover does not touch the bottom of the door and does not project from the door sill.</p> </div> </div> <div> <div>Labor Operation:</div> <div> <div>68 07 55 00 40 TU Remove and install one sill cover</div> <div>68 07 56 00 70 TU Remove and install both sill covers</div> </div> </div>			
<p>Important Notice: Porsche Cars N.A Technical Bulletins are intended for use by professional technicians, not a "Do-it-yourselfer." They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Special tools may be required to perform certain operations identified in these bulletins. Use of tools and procedures other than those recommended in these bulletins may be detrimental to the safe operation of your vehicle. Properly trained technicians have the equipment, tools, safety instructions and know-how to do a job properly and safely. If a condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your Porsche Dealer for information on whether your vehicle may benefit from the information. Part numbers listed in these bulletins are for reference only. Always check with your authorized Porsche dealer to verify correct part numbers.</p> <p style="text-align: right;">©1995 Porsche Cars North America, Inc.</p>
